The IU School of Informatics and Computing’s Department of BioHealth Informatics invites applications for part-time adjunct instructors in its Health Information Management (HIM) Program. The HIM Program offers an undergraduate certificate in Medical Coding as well as a Bachelor’s degree in Health Information Management. Most classes for the certificate and degree are taught online; some are also taught on-campus.

The Bachelor of Science in Health Information Management at IUPUI is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). The program is more than 65 years old. HIM students graduate fully prepared for employment with 100% hiring rate. Additional information about the program can be found at [https://soic.iupui.edu/undergraduate/degrees/him/](https://soic.iupui.edu/undergraduate/degrees/him/).
