HIM–M420
Healthcare Planning and Information Systems
Online

Department of BioHealth Informatics
Indiana University School of Informatics and Computing, Indianapolis

Sections:  
Credit Hours:  3

Time:  This is an online course. Lectures will post in Canvas weekly for students to review. See attendance policy for clarification.

Location:  Online

First Class:  Tuesday is the first scheduled lecture for students to listen. All lectures will be posted in Kaltura Media Gallery. You are expected to listen to the recordings and there can be notes regarding the homework. Do not email for homework clarification without checking here first.

Instructor:  Nicole Van Andel, MS RHIA CHPS

Office Hours:  Wednesday 1:00-2:30 PM in Person or Thursday- 2:30-4 PM- Virtual-

Office:  ICTC, 535 W. Michigan St Ste 489, Indianapolis, IN 46202 [map]

Phone:  (317)278-4112 (Office)

Email:  nvanande@iupui.edu  Instructor will respond to emails within two Indiana University working days (48 hours), which exclude weekends and holidays.

Prerequisites:  None (Not an extension of any undergraduate or graduate course)

COURSE DESCRIPTION
This course weaves together theory and practice and presents an understandable, integrated view of the many concepts skills, tools, and techniques involved in project management. Students will receive up-to-date information on how good project management and effective use of software can help you manage projects, especially information technology projects. We will leverage the experience of the instructor and other clinicians to share how they managed large-scale projects.

REQUIRED TEXT AND RESOURCES:

Text:  Health Information Management-Concepts, Principles and Practice Sixth Edition
AHIMA Student Membership- You are required to have an AHIMA Student membership.

Teaching and Learning Methods: Online lectures, always check announcements, modules and pages!

Core Competencies: Updated CAHIIM Model Curriculum 2018

Domain VI. Organizational Management and Leadership

VI.5- Verify Financial Management processes
   - Project Assignment-Cost Management (4)

VI.10. Compare project management methodologies to meet intended outcomes.
   - Project Assignments #1-6 (4)

RBT: Revised Bloom’s Taxonomy; Profiles of Learning for Undergraduate Success (PLUS)
A comprehensive final examination covers all student-learning outcomes.
Semester specific student learning outcomes are in boldface.

A. Communicator
   1. Evaluates Information
   2. Listens Actively
   3. Builds Relationships
   4. Conveys Ideas Effectively

B. Problem Solver
   1. Thinks Critically
2. Collaborates  
3. Analyzes, Synthesizes, and Evaluates  
4. Perseveres  

C. Innovator  
1. Investigates  
2. Creates/Designs  
3. Confronts Challenges  
4. Makes Decisions  

D. Community Contributor  
1. Builds Community  
2. Respectfully Engages Own and Other Cultures  
3. Behaves Ethically  
4. Anticipates Consequences

Final Exam - It is worth 250 points and will cover Weeks 1-7. It will be timed and you will have 1.6 minutes per question. All students will use Lockdown Browser. No outside resources will be allowed. If outside resources are used, you will receive a zero for the Exam. The final exam will open XX at 8 AM and close XXX at 5 PM.

Grading Information
Students enrolled in the HIM Plan of Study must maintain a minimum grade of C in all courses. If a student fails to maintain a minimum grade of C the student must retake the course(s) in which a grade of C was not achieved. Students in the HIM program must maintain a minimum grade of C in all courses. If a student fails to maintain a minimum grade of C in a course(s), during the first semester in which a student fails to meet the minimum grade requirement h/she will be placed on Academic Probation retroactive to the semester in which the grade(s) was received. If a student fails to meet the minimum grade required of a C during any subsequent semester, the student will be placed on Academic Probation for a second time, retroactive to the semester in which the grade(s) was received and will be dismissed from the HIM program (see Academic Probation Policy – Professional Program). Faculty will update the CANVAS grade book at the beginning of each semester to reflect the HIM grading scale. You are responsible for keeping track of your own grades. There are no extra credit assignments. Please note: *there is also no rounding up of grades on individual assignments and final grades. The academic expectation is that grades recorded in the grade book should reflect the overall quality and depth of the student's knowledge and understanding of the assigned material.

Grading Scale:
A 100% to 93% Extraordinarily high achievement, quality of work; shows command of the subject matter
A– < 93% to 90%
B+ < 90% to 87%
B < 87% to 83% Mastery and fulfillment of all course requirements; good, acceptable work
B– < 83% to 80%
C+ < 80% to 77% Minimally acceptable performance and quality of work
C < 77% to 73%
C– < 73% to 70% Unacceptable work/Failure
D+ < 70% to 67%
D < 67% to 63% Unacceptable work/Failure
D– < 63% to 60%
F < 60% to 0% Unacceptable work/Failure

INSTRUCTOR’S GRADING CRITERIA/TIMETABLE

All course material submitted on time will be graded within 7 days of their due date (the Monday of the following unit). Approved late work (with documentation) will be graded within 5 days of the submission date.

EXPECTATIONS, GUIDELINES, AND POLICIES

Attendance:

***This section does not apply- If you are enrolled in an online course there is a requirement to sign into the class and look at the announcement page once a week between Sunday and Thursday. I will be checking to see if each student did this on Thursday at 9pm each week. If not, you will not be given attendance for that week. This rule is placed so that I can make sure you do not miss an announcement. ***

A basic requirement of this course is that you will participate in all class meetings, whether online or face-to-face, and conscientiously complete all required course activities and assignments. Class attendance is required for classroom-based courses. It entails being present and attentive for the entire class period. Attendance shall be taken in every class. If you do not sign the attendance sheet while in class, you shall be marked absent. Signing the attendance sheet for another student is prohibited. The instructor is required to submit to the Registrar a record of student attendance, and action shall be taken if the record conveys a trend of absenteeism. **Attendance Requirements:** In-class students should review the following attendance requirements for both 8-week and 16-week courses carefully:

- Students enrolled in an 8-week course may be absent one class period. The second absence will be considered unexcused unless it falls under one of the excused absences listed below.
- Students enrolled in a 16-week course may be absent two class periods. The third absence will be considered unexcused unless it falls under one of the excused absences listed below.
- Each unexcused absence will result in a reduction of one full letter grade for the course.
Only the following are acceptable excuses for absences: death in the immediate family (e.g. mother, father, spouse, child, or sibling), hospitalization or serious illness; jury duty; court ordered summons; religious holiday; university/school coordinated athletic or scholastic activities; an unanticipated event that would cause attendance to result in substantial hardship to one’s self or immediate family. Absences must be explained with the submission of appropriate documentation to the satisfaction of the instructor, who will decide whether missed work may be made up. Absences that do not satisfy the above criteria are considered unexcused. To protect your privacy, doctor’s excuses should exclude the nature of the condition and focus instead on how the condition impacts your attendance and academic performance.

Missing class reduces your grade through the following grade reduction policy: You are allowed two excused or unexcused absences. Each additional absence, unless excused, results in a 5% reduction in your final course grade. More than six absences result in an F in the course. Missing class may also reduce your grade by eliminating opportunities for class participation. For all absences, the student is responsible for all covered materials and assignments.

***If you feel that attendance as an in-class student will be a challenge please consider an online section of this course***

The student needs to e-mail the instructor via Canvas if s/he will not be attending class.

Tardy Policy –
***If you are enrolled in an online course this policy does not apply. There is no tardy, only weekly absence***

The Tardy Policy is structured as follows:

- Tardy >15 minutes = 1 Absence
- Tardy (1 – 15) minutes = 1 Tardy
- 3 Tardies = 1 Absence

Students should refer to the No Fault Attendance Policy regarding unexcused absences.

LATE WORK POLICY: late work will not be accepted unless there are clear and compelling extenuating circumstances with Documentation.

Extenuating Circumstances: If you have extenuating circumstances that prevent you from completing coursework or participating in the class, please contact your instructor to make alternative arrangements.

The possibility of alternative arrangements is at the discretion of your instructor and/or administration. Active communication is the key to overcoming any hurdles you may encounter during the semester. It is your responsibility to inform your instructor (ahead of time, unless emergency circumstances prevent doing so) of extenuating circumstances that might prevent you from completing work by the assigned deadline. In those situations, your instructor will work with you to establish alternative deadlines without late penalty. Prior notification does not automatically result in granting alternative arrangements and/or a waiver of the late penalties.

Please note that evaluation of extenuating circumstances is at the discretion of your instructor and/or administration and documentation may be required for verification of the extenuating circumstance. Examples of extenuating circumstances may include but are not limited to: personal/family member hospitalization, childbirth or other medical emergencies, death in the family, weather/environmental evacuation due to fire/hurricane/tornado/earthquake/tsunami, or active military assignment where Internet connectivity is unavailable for an extended time period.
Computer-related issues and Internet connectivity issues are not considered extenuating circumstances.

Incomplete:
The instructor may assign an Incomplete (I) grade only if at least 75% of the required coursework has been completed at passing quality and holding you to previously established time limits would result in unjust hardship to you. All unfinished work must be completed by the date set by the instructor. Left unchanged, an Incomplete automatically becomes an F after one year. http://registrar.iupui.edu/incomp.html

Deliverables:
You are responsible for completing each deliverable (e.g., assignment, quiz) by its deadline and submitting it by the specified method. Deadlines are outlined in the syllabus or in supplementary documents accessible through CANVAS. Should you miss a class, you are still responsible for completing the deliverable and for finding out what was covered in class, including any new or modified deliverable. Please see late policy above.

All assignments will be posted in CANVAS with a COMPLETION DUE DATE. Assignments will not be opened for review nor will grades be posted until after each assignment due date. When you take a test using the CANVAS Quiz tool, it is a good idea to create a screenshot of your submitted test. This screenshot serves as additional proof that you completed and submitted your test in the event of CANVAS technical issues. If there is a dispute regarding an assessment (test) or assignment submitted after the assigned due date and time, the above method will be the only accepted proof that an assignment or assessment (test) was submitted.

Note: To avoid the loss of points for assignments and/or assessments (tests) submitted through Canvas please read the following information carefully: All assignments submitted through the CANVAS “Assignment” tab automatically generate an e-mail notification. This notification is sent directly to your primary e-mail account. Students will be required to present a copy of this e-mail notification to the instructor if there is a dispute regarding an assignment submission. Therefore, it is highly recommended that students maintain a file, either electronic or on paper, for each assignment submission notification received. For your information, you cannot save your assignments/work via CANVAS Test and Survey tool and come back to it at a later time. Once an assignment has been submitted it will be graded as is, so be very careful that the assignment you submit is the version you want graded. Be sure you are submitting the correct, complete assignment.

Distance Education and On-Line Etiquette
When taking a course online, it is important to remember that an online classroom is still a classroom. Though the courses may be online, appropriate classroom behavior is still mandatory. Inappropriate discussion responses will not be tolerated and disciplinary action will be taken according to the guidelines outlined in the Code of Student Rights, Responsibilities and Conduct. Remember to maintain current anti-virus protection programs and avoid forwarding email attachments from outside sources that you are uncertain of. Instructor sections in CANVAS include syllabus, announcements, messages, resources, roster, grade book, tests and surveys.

Changes Corrections and Omissions
The instructor reserves the right to make changes as necessary to the syllabus and the class schedule. If changes are necessitated during the term of the course, the instructor will immediately notify students of such changes and nature of change(s) on CANVAS Announcements.
DISCUSSION BOARD FORUMS- We will use Course Networking posts instead of the Discussion boards.

All Discussion topics can be found within their respective units of the course. This only applies if your course includes a Discussion Forum.

Discussion Question Participation: Discussion provides a forum for students to ask questions and answer important questions about the course material. The Discussion topics also allow students to receive feedback from the instructor and other students in the class. A Discussion grade will be posted to the grade sheet for each unit.

Discussion Board Forum Grading Rubric

Students are expected to post:

A Minimum of three posts per unit (Monday – Sunday) discussion thread.

1. One post in response to the initial discussion forum topic by Thursday
2. Two posts in response to two classmates by Sunday, end of unit (Responses to classmates must be submitted on a different day from your initial response)
3. Initial response should be 200 words or more and response to classmates should be 75-100 words or more in length

ASSIGNMENTS/PROJECTS

Assignments and/or Projects require you to submit coursework via CANVAS. Coursework will be graded according to either the rubric below or assignment-specific rubrics found in the course. Assignments and/or Projects are due Sunday of their assigned unit unless otherwise specified by instructor. ALL ASSIGNMENTS AND/OR PROJECTS MUST BE SUBMITTED VIA CANVAS TO ENSURE CREDIT.

CODE OF CONDUCT

All students should aspire to the highest standards of academic integrity. Using another student’s work on an assignment, cheating on a test, not quoting or citing references correctly, or any other form of dishonesty or plagiarism shall result in a grade of zero on the item and possibly an F in the course. Incidences of academic misconduct shall be referred to the Department Chair and repeated violations shall result in dismissal from the program.

All students are responsible for reading, understanding, and applying the Code of Student Rights, Responsibilities and Conduct and in particular the section on academic misconduct. Refer to The Code > Responsibilities > Academic Misconduct at http://www.indiana.edu/~code/. All students must also successfully complete the Indiana University Department of Education “How to Recognize Plagiarism” Tutorial and Test. https://www.indiana.edu/~istd You must document the difference between your writing and that of others. Use quotation marks in addition to a citation, page number, and reference whenever writing someone else’s words (e.g., following the Publication Manual of the American Psychological Association). To detect plagiarism instructors apply a range of methods, including Turnitin.com. http://www.ulib.iupui.edu/libinfo/turnitin

Academic Misconduct:

1. **Cheating:** Cheating is considered to be an attempt to use or provide unauthorized assistance, materials, information, or study aids in any form and in any academic exercise or environment.
   a. A student must not use external assistance on any “in-class” or “take-home” Midterm examination, unless the instructor specifically has authorized external assistance. This prohibition includes, but is not limited to, the use of tutors, books, notes, calculators, computers, and wireless communication devices.
   b. A student must not use another person as a substitute in the taking of an Midterm examination or quiz, nor allow other persons to conduct research or to prepare work, without advanced authorization from the instructor to whom the work is being submitted.
   c. A student must not use materials from a commercial term paper company, files of papers prepared by other persons, or submit documents found on the Internet.
   d. A student must not collaborate with other persons on a particular project and submit a copy of a written report that is represented explicitly or implicitly as the student’s individual work.
   e. A student must not use any unauthorized assistance in a laboratory, at a computer terminal, or on fieldwork.
   f. A student must not steal Midterm examinations or other course materials, including but not limited to, physical copies and photographic or electronic images.
   g. A student must not submit substantial portions of the same academic work for credit or honors more than once without permission of the instructor or program to whom the work is being submitted.
   h. A student must not, without authorization, alter a grade or score in any way, nor alter answers on a returned Midterm or assignment for credit.

2. **Fabrication:** A student must not falsify or invent any information or data in an academic exercise including, but not limited to, records or reports, laboratory results, and citation to the sources of information.

3. **Plagiarism:** Plagiarism is defined as presenting someone else’s work, including the work of other students, as one’s own. Any ideas or materials taken from another source for either written or oral use must be fully acknowledged, unless the information is common knowledge. What is considered “common knowledge” may differ from course to course.
a. A student must not adopt or reproduce ideas, opinions, theories, formulas, graphics, or pictures of another person without acknowledgment.

b. A student must give credit to the originality of others and acknowledge indebtedness whenever:
   1. directly quoting another person’s actual words, whether oral or written;
   2. using another person’s ideas, opinions, or theories;
   3. paraphrasing the words, ideas, opinions, or theories of others, whether oral or written;
   4. borrowing facts, statistics, or illustrative material; or
   5. offering materials assembled or collected by others in the form of projects or collections without acknowledgment

4. **Interference:** A student must not steal, change, destroy, or impede another student’s work, nor should the student unjustly attempt, through a bribe, a promise of favors or threats, to affect any student’s grade or the evaluation of academic performance. Impeding another student’s work includes, but is not limited to, the theft, defacement, or mutilation of resources so as to deprive others of the information they contain.

5. **Violation of Course Rules:** A student must not violate course rules established by a department, the course syllabus, verbal or written instructions, or the course materials that are rationally related to the content of the course or to the enhancement of the learning process in the course.

6. **Facilitating Academic Dishonesty:** A student must not intentionally or knowingly help or attempt to help another student to commit an act of academic misconduct, nor allow another student to use his or her work or resources to commit an act of misconduct.

**OTHER POLICIES**

1. **Right to revise:** The instructor reserves the right to make changes to this syllabus as necessary and, in such an event, will notify students of the changes immediately.

2. **IUPUI course policies:** A number of campus policies governing IUPUI courses may be found at the following link: [http://registrar.iupui.edu/course_policies.html](http://registrar.iupui.edu/course_policies.html)

3. **Classroom civility:** To maintain an effective and inclusive learning environment, it is important to be an attentive and respectful participant in lectures, discussions, group work, and other classroom exercises. Students must be civil to their classmates, instructors, advisors, clinical instructors, etc. in all written and oral communication. Thus, unnecessary disruptions should be avoided, such as ringing cell phones engagement in private conversations and other unrelated activities. Cell phones, media players, or any noisy devices should be turned off during a class. Texting, surfing the Internet, and posting to Facebook or Twitter during class are generally not permitted. Laptop use may be permitted if it is used for taking notes or conducting class activities. Students should check with the instructor about permissible devices in class. IUPUI nurtures and promotes “a campus climate that seeks, values, and cultivates diversity in all of its forms and that provides conditions necessary for all campus community members to feel welcomed, supported, included, and valued” (IUPUI Strategic Initiative 9). IUPUI prohibits “discrimination against anyone for reasons of race, color, religion, national origin, sex, sexual orientation, marital status, age, disability, or [veteran] status” (Office of Equal Opportunity). Profanity or derogatory comments about the instructor, fellow students, invited speakers or other classroom visitors, or any members of the campus community shall not be tolerated. A violation of this rule shall result in a warning and, if the offense continues, possible disciplinary action.

4. **Bringing children to class:** To ensure an effective learning environment, children are not permitted to attend class with their parents, guardians, or childcare providers.

5. **Course Evaluation Policy:** Course evaluations provide vital information for improving the quality of courses and programs. Students are required to complete one course and instructor evaluation for each section in which they are enrolled at the School of Informatics and Computing. This requirement has three exceptions:
   (a) The student has withdrawn from the course; (b) fewer than five students are enrolled in the section (in
which case anonymity is impossible); and (c) the section is a laboratory that must be taken with a course having a different section number. Course evaluations are completed at https://soic.iupui.edu/app/course-eval/. Course evaluations are open from the eleventh week. Course evaluations are anonymous, which means that no one can view the name of the student completing the evaluation. In addition, no one can view the evaluation itself until after the instructor has submitted the final grades for the course. In small sections, demographic information should be left blank, if it could be used to identify the student.

6. **Communication:** The instructor should respond to emails within 48 hours, excluding weekends and holidays, and announce periods of extended absence in advance. The instructor should provide weekly office hours or accept appointments for face-to-face, telephone, or teleconferenced meetings.

7. **Email:** Indiana University uses your IU email account as an official means of communication, and students should check it daily for pertinent information. Although you may have your IU email forwarded to an outside email account, please email faculty and staff from your IU email account.

8. **Disabilities Policy:** In compliance with the Americans with Disabilities Act (ADA), all qualified students enrolled in this course are entitled to reasonable accommodations. Please notify the instructor during the first week of class of accommodations needed for the course. Students requiring accommodations because of a disability must register with Adaptive Educational Services (AES) and complete the appropriate AES-issued before receiving accommodations. The AES office is located at UC 100, Taylor Hall (Email: aes@iupui.edu, Tel. 317 274-3241). Visit http://aes.iupui.edu for more information.

9. **Administrative Withdrawal:** A basic requirement of this course is that students participate in all class discussions and conscientiously complete all required course activities and/or assignments. If a student is unable to attend, participate in, or complete an assignment on time, it is the student’s responsibility to inform the instructor. If a student misses more than half of the required activities within the first 25% of the course without contacting the instructor, the student may be administratively withdrawn from this course. Administrative withdrawal may have academic, financial, and financial aid implications. Administrative withdrawal will take place after the full refund period, and a student who has been administratively withdrawn from a course is ineligible for a tuition refund. Contact the instructor with questions concerning administrative withdrawal.

10. **COVID-19 (You must follow IU and your practicum site guidelines regarding COVID-19)**

   Indiana University is concerned for the health and well-being of the entire community. The nature of COVID-19 is such that each of our individual actions affects not only our personal well-being but also those of every other person with whom we interact or share a space. Given the fluidity of the current situation, students and faculty alike will need to be adaptable and flexible as events may occur that necessitate a change in the course schedule or mode of delivery. To minimize the disruption that might occur if a student falls ill or is unable to attend classes for some other legitimate reason, class materials must be made available electronically to students unless the nature of the work makes this impossible.

   **To keep the IUPUI community safe, it is expected that every member of this course acknowledges the following university guidelines.**

   Face coverings: All students are expected to sign the Student Commitment Form. Agreement to abide by the public health measures outlined in the form is a condition of physical presence on the campus this fall. Included in that commitment are requirements for wearing masks in all campus buildings and maintaining physical distancing in all campus buildings. Both are necessary classroom requirements that will help keep our community safe.
1. All students and instructors must arrive to class wearing a mask over their mouth and nose. If a student does not have a mask, the student must pick up a disposable mask (available throughout campus) before joining the class session.

2. If a student enters a class without wearing a mask, the student will be told by the faculty member that they must put one on.

3. If a student refuses to put on a mask after being instructed to do so, the instructor will request that the student leave the class and will file a report with the Office of Student Conduct in the Division of Student Affairs. If the student refuses to leave, the faculty member will end the class immediately, and file a report with the Office of Student Conduct in the Division of Student Affairs.

4. If a student comes to class without wearing a mask a second time and again refuses to put it on, the student will be told to leave and will be advised that they can only attend the online version of the course, if such option is available, for the remainder of the semester. The faculty member will again file a report with the Office of Student Conduct.

5. If the course is not available online, the student will be informed that the in-person course is the only option and they will be given one more opportunity to return to class and wear a mask.

6. If a student appears in class without a mask a third time the student will be administratively withdrawn from the course and will again be referred to the Office of Student Conduct. The student will not receive a refund of tuition or fees.

7. Students should check for additional syllabus guidelines regarding additional PPE for laboratory classes.

8. Students who have concerns about wearing masks for medical reasons should request an accommodation from Adaptive Educational Services. (Contact: aes@iupui.edu or 317-2743241.)

Student Absences: Consistent with the Student Commitment Form, students unable to attend class due to COVID 19 policy or another serious illness will:

1. notify their instructor and follow campus guidelines regarding a safe return to campus;
2. not be penalized for class absences assuming they make up missed assignments in a timely fashion, in consultation with (and at the discretion of) the instructor; and
3. be provided reasonable accommodations to access all course materials and will be given the opportunity to complete missed assignments online as is practicable.

**Emergency Preparedness:** Safety on campus is everyone’s responsibility. Know what to do in an emergency so that you can protect yourself and others. For specific information, visit the emergency management website. http://protect.iu.edu/emergency

1. **Student Advocate:** The Student Advocate provides assistance to students with personal, financial, and academic issues. The Student Advocate Office is located in the Campus Center, Suite 350. The Student Advocate may also be contacted by phone at 317-274-4431 or by email at studvoc@iupui.edu. For more information visit http://studentaffairs.iupui.edu/advocate.

2. **Counseling and Psychological Services (CAPS):** Students seeking counseling or other psychological services should contact the CAPS office by phone at 274-2548 or email at capsindy@iupui.edu. For more information visit http://life.iupui.edu/caps/. information, visit the emergency management website http://protect.iu.edu/emergency
MISSION STATEMENT

The Mission of IUPUI is to provide for its constituents’ excellence in
- Teaching and Learning;
- Research, Scholarship, and Creative Activity; and
- Civic Engagement.

With each of these core activities characterized by
- Collaboration within and across disciplines and with the community;
- A commitment to ensuring diversity; and
- Pursuit of best practices.

IUPUI’s mission is derived from and aligned with the principal components—Communities of Learning, Responsibilities of Excellence, Accountability and Best Practices—of Indiana University’s Strategic Directions Charter.

STATEMENT OF VALUES

IUPUI values the commitment of students to learning; of faculty to the highest standards of teaching, scholarship, and service; and of staff to the highest standards of service. IUPUI recognizes students as partners in learning. IUPUI values the opportunities afforded by its location in Indiana’s capital city and is committed to serving the needs of its community. Thus, IUPUI students, faculty, and staff are involved in the community, both to provide educational programs and patient care and to apply learning to community needs through service. As a leader in fostering collaborative relationships, IUPUI values collegiality, cooperation, creativity, innovation, and entrepreneurship as well as honesty, integrity, and support for open inquiry and dissemination of findings. IUPUI is committed to the personal and professional development of its students, faculty, and staff and to continuous improvement of its programs and services.
