Fall, 2021
INCOMPLETE GRADES

An Incomplete (“I”) grade will be given in this class only under these three conditions:

1) Unusual circumstances (such as illness) prevent the student from completing the work.
2) The student has successfully completed three-fourths (75%) of the required course work.
3) The student is clearly passing the course.

The instructor may involve the Associate Dean for Academic Affairs to determine whether the unusual circumstances warrant a grade of Incomplete. Should the instructor agree to assign a grade of Incomplete, he or she must set a specific date (up to one year) by which all unfinished work must be completed and include a list of assignments to be completed. It is very important to put these requirements in writing and have the student agree to them either via an email or a signed hardcopy document. Upon submission of completed work, the instructor will change the student’s Incomplete grade to the earned letter grade (A – F). If the work is not completed and a grade assigned within a year from the end of the semester in which the Incomplete was awarded, the Office of the Registrar will automatically change the grade to an F. For more information, refer to the Registrar’s website at https://studentcentral.iupui.edu/grades-progress/index.html

Administrative withdrawal may have academic, financial, and financial aid implications. Administrative withdrawal will take place after the full refund period, and if you are administratively withdrawn from the course, you will not be eligible for a tuition refund. If you have questions about the administrative withdrawal policy at any point during the semester, please contact me. *Faculty should tailor the italicized statement and indicate the number of class meetings or required activities if online course that fit the syllabus for their section. Syllabus Statement for Fall 2020

Indiana University is concerned for the health and well-being of the entire community. The nature of the COVID-19 disease is such that each of our individual actions affects not only our well-being but also those of every other person we interact with or every person who uses the same spaces we use. Given the fluidity of the current situation, students and faculty alike will need to be adaptable and flexible. Events may occur that necessitate a change in the course schedule or mode of delivery. To minimize the disruption that might occur if a student falls ill or is unable to attend classes for some other legitimate reason, class materials will be available electronically to students unable to attend unless the nature of the work makes this impossible.

To keep the IUPUI community safe, it is expected that every member of this course follow the university guidelines.

Face coverings: All students are expected to sign the Community Responsibility Acknowledgement (CRA). Agreement to abide by the public health measures in the CRA is a condition of physical presence on the campus this fall. Included in that commitment are requirements for wearing masks or other face coverings in all campus buildings and maintaining social distancing in all campus buildings. Both are classroom requirements that are necessary to keep our community safe.

1. All students and instructors will arrive to class wearing a mask or other cloth covering for their mouth and nose. If a student is not carrying their cloth face covering, they will pick up a disposable mask (available throughout campus) before joining the class session.
2. If a student enters a class without a mask, the student will be told by the faculty member that they must put on a face covering.
3. If a student refuses to put a face covering on after being instructed to do so, the instructor will request that the student leave the class. If the student refuses to leave, the faculty member will end the class immediately, and contact the Office of Student Conduct in the Division of Student Affairs.

4. If a student comes to class without a face covering a second time and again refuses to put on a face covering, they will be told to leave and advised that they can only attend the online version of the course (if such an online option is available). The faculty member will again contact the Office of Student Conduct. If the course is not available online, the student will be informed that the in-person course is the only option. If a student appears in class a third time without a face covering, they will be administratively withdrawn from the course and they will again be referred to the Office of Student Conduct. They will not receive a refund of tuition or fees.

5. Students should check for additional syllabus guidelines regarding additional PPE for laboratory classes.

**Student Absences**: Consistent with the CRA, students unable to attend class due to COVID 19 policy or another illness

1. Will notify their instructor and will follow campus CRA guidelines regarding a safe return to campus.
2. Will not be penalized for class absences assuming they make up missed assignments in a timely fashion, in consultation with (and at the discretion of) the instructor.
3. Will be provided reasonable accommodations to access all course materials, and will be given the opportunity to complete missed assignments online.
