N203
Digital Painting

Department of Human-Centered Computing
Media Arts and Sciences Program
Indiana University School of Informatics and Computing, Indianapolis
Fall 2019

Section No.: 27432  Credit Hours: 3
Time: Thursday, 9:00am – 11:40 am
Location: IT 255, Informatics & Communications Technology Complex
          535 West Michigan Street, Indianapolis, IN 46202 [map]
First Class: August 26, 2019

Instructor: Rebekah Crowmer, BS in Media Arts and Science, Adjunct Lecturer
Office Hours: by Appointment, or Thursdays 12:00pm-1pm
Office: MARLA, Informatics & Communications Technology Complex
        535 West Michigan Street, Indianapolis, IN 46202 [map]
Phone: (317) 946-5833
Email: rcrowmer@iupui.edu

Prerequisite: None

COURSE DESCRIPTION

This course focuses on the introduction to 2D design and painting in the area of media arts. Students will develop a basic understanding of digital software and hardware, conceptual design standards and practices, techniques for the industry and visual development for films, games, animation, web, or comic books.

Required Text(s): None

Additional Readings: Provided in the “Notes” section on Canvas on a weekly basis.

Recommended Equipment:

- Cintiq tablet pen (NOTE: This being a digital painting class, you must find your own means to draw digitally! Either a Cintiq pen, a Wacom tablet, your own laptop with a different brand tablet (the computers here only have Wacom drivers), or another device that uses either Photoshop or another art program that can save .PSDs and .JPGs (this is important!). If you are uncertain your current set up will work, please ask me, but YOU are responsible to get this equipment. Get these ASAP. You need this in order to participate in class and complete assignments. You can buy a cheaper Cintiq pen [here].
- Photoshop CC
- IU Box Account and/or a 10g flash drive
Teaching and Learning Methods

The course structure is composed of these parts:

- Lectures / Lab
  - This activity will be the majority of class time. It will include critical review of contemporary media, art history, pop culture, and other art centric topics as appropriate to class. Demos will provide students with important information. This class is primarily taught with Adobe Photoshop CC, but will teach artistic principles that will aid students in their artistic growth.

- Projects:
  - Assignments are every 2 weeks. Several assignments require multiple files.
  - Students MUST have their work completed at the due dates for credit in this class.

Learning Outcomes:

| 5. Evaluate media from multiple perspectives using the theories, concepts, and language of digital media with an appreciation for the history, theory, and traditions of digital media. | P2.3 Problem Solver – Analyzes, Synthesizes, and Evaluates |
| 6. Demonstrate mastery of the concepts, techniques, and tools in one or more digital media specialties. | P2.4 Problem Solver – Perseveres  
P3.2 Innovator – Creates/Designs* |
| 7. Develop professional quality digital media productions by promptly applying knowledge and skills including best practices and standards. | P3.2 Innovator – Creates/Designs  
P3.3 Innovator – Confronts Challenges* |
| 8. Explain the impact of digital media on individuals, organizations, and society. | P4.4 Community Contributor – Anticipates Consequences  
P4.1 Community Contributor – Builds Community* |
| 9. Acknowledge diverse opinions regarding professional, ethical, legal, and social issues with a global perspective. | P4.3 Community Contributor – Behaves Ethically  
P4.2 Community Contributor – Respectfully Engages Own and Other Cultures* |
EXPECTATIONS, GUIDELINES, AND POLICIES

Attendance:
A basic requirement of this course is that you will participate in all class meetings, whether online or face-to-face, and conscientiously complete all required course activities and assignments. Class attendance is required for classroom-based courses. It entails being present and attentive for the entire class period. Attendance shall be taken in every class. If you do not sign the attendance sheet while in class, you shall be marked absent. Signing the attendance sheet for another student is prohibited. The instructor is required to submit to the Registrar a record of student attendance, and action shall be taken if the record conveys a trend of absenteeism.

Only the following are acceptable excuses for absences: death in the immediate family (e.g. mother, father, spouse, child, or sibling), hospitalization or serious illness; jury duty; court ordered summons; religious holiday; university/school coordinated athletic or scholastic activities; an unanticipated event that would cause attendance to result in substantial hardship to one’s self or immediate family. Absences must be explained with the submission of appropriate documentation to the satisfaction of the instructor, who will decide whether missed work may be made up. Absences that do not satisfy the above criteria are considered unexcused. To protect your privacy, doctor’s excuses should exclude the nature of the condition and focus instead on how the condition impacts your attendance and academic performance.

Missing class reduces your grade through the following grade reduction policy: You are allowed two excused or unexcused absences. Each additional absence, unless excused, results in a 5% reduction in your final course grade. More than six absences result in an F in the course. Missing class may also reduce your grade by eliminating opportunities for class participation. For all absences, the student is responsible for all covered materials and assignments.

Incomplete:
The instructor may assign an Incomplete (I) grade only if at least 75% of the required coursework has been completed at passing quality and holding you to previously established time limits would result in unjust hardship to you. All unfinished work must be completed by the date set by the instructor. Left unchanged, an Incomplete automatically becomes an F after one year. http://registrar.iupui.edu/incomp.html

Deliverables:
You are responsible for completing each deliverable (e.g., assignment, quiz) by its deadline and submitting it by the specified method. Deadlines are outlined in the syllabus or in supplementary documents accessible through Canvas. Should you miss a class, you are still responsible for completing the deliverable and for finding out what was covered in class, including any new or modified deliverable. In fairness to the instructor and students who completed their work on time, a grade on a deliverable shall be reduced by a full letter for every 24-hour period it is submitted after the deadline.

Exams/quizzes:
There are no exams or quizzes
Lab assignments:
There will be a few in-class exercises that will require students to complete before the end of class. These will be covered at the beginning of class when they are going to happen and participation is mandatory. These exercises are used to make sure students are aware of processes in both a technical and artistic aspects.

Class assignments:
Class assignments will revolve around different aspects of art that are common in professional industries, such as character design for 3D development, environmental painting, developing a variety of color keys, Photo-bashing and manipulation, and pitch development. Students are allowed to pursue whatever artistic style they are interested in, and more guidance will be given in these assignments to help students further refine their styles. The ultimate goal of these assignments and the final it to produce portfolio pieces that the student can use to demonstrate their best skills.

Grading Information:

Individual Assignments

All assignments are to be delivered on Canvas in the proper file types as detailed in the individual documents. These assignments will be explained in detail with examples from past semesters the day they are assigned.

Each assignment is worth a varying amount of points, with the assignments at the beginning of the semester being worth less than those at the end. As the semester goes on, assignments will become more complex and thus has more weight on the final grade, and student’s skill levels should ideally continue to improve.

The teacher and TA will provide notes and lessons pertinent to the current assignment. Students are expected to work on the assignment during class and one-on-one and class critiques will be provided as much as possible. Each assignment will have an even more detailed critique document, provided when the grade is submitted, that the student should use as insight into improvement.

Milestone # 1 is a self-reflection exercise to analyze student’s personal growth in the semester thus far. Scored as part of your participation grade.

Milestone # 2 is a professional exercise in preparing students to create documentation for ideas and pitches, eloquently express their ideas, determine scope for a project, and follow through with ideas. These themes will be reoccurring in the professional world. Worth 50 pts.

Milestone # 3 is the final project, exhibiting the best of what students have learned through the semester into one project that can be used as a portfolio piece. Attendance to the final critique is mandatory. Points will be deducted for deviations from the original proposal. Worth 50 pts Total final project is worth 400 points.
Final project grading:
○ 50 points towards pitched project, management of scope, and completion of original pitch
○ 50 points towards Final Critique Attendance
○ 100 points for understanding of material and growth in course work
○ 200 points for completion of assigned requirements, quality, and attention to detail.

● Professionalism (100 pts)

Professionalism is the highest quality a student of industry can gain and respect. We are all adults, the following are areas in which we will earn or lower your grade over the 11 weeks of class. This score is tallied and calculated at the end of the semester.

- Attitude (be excited)
- Tardiness
- Contributing and requesting of Critiques in class
- Deliverables (turning in what is asked for, the way its asked for)
- Effort
- Looking and smelling the part
- Presentation Quality
- Teamwork (Are you contributing effectively? Socially? On time?)
- Timeliness (time spent on projects versus peers)
- Time tracking (What are your services worth? How long are you taking?)

Tentative WEEKLY SCHEDULE

Week #1 – 8/29
Introduction: Syllabus, Student & Instructor Introductions, Student Knowledge
Lecture: Equipment/Software Introduction
           Go over Resources
Lab: Student Skills Assessment

Assignment: Practice with digital tablet and Cintiq pen for entire week. If tablet is not in current possession, please purchase one. It is highly recommended you have a tablet for you to work on projects at home. You may also have a Cintiq pen for in class use. Student Skill Assessment will be completed in class and available on Canvas.
Week #2 – 9/5

**Lecture:** Introduction to Visual Development and Techniques

**Lab:** Photoshop tools, The Brush Tool – Basic tool Efficiency
(Brush control, custom brushes, blending settings, etc)
Working with Thumbnails and Sketches
Using various options in Photoshop to achieve different effects

*Assignment 1 (100 pts): Tracing Sketches – 6 different freehand drawings*

*Due 9/19.*

Week #3 – 9/12

**Lecture:** Linework – uses and simplification
Line weight and variation
Vector vs. Raster lines
Different software

**Lab:** Sketch to line art demo

Week #4 – 9/19

**Lecture:** Critique of Assignment 1
Character design lecture
Creating different types of character sheets

**Lab:** Sketching for 3D modeling: Lining up features in Photoshop

*Assignment 2 (100 pts): Design a Character. Create a front and side view for a character of your own design. A 3rd drawing will be a close up of the head with rough colors or an extra pose. Due 10/3.*

Week #5 – 9/26

**Lecture:** Continue on character
Using Photoshop – tips and tricks
Starting from sketch to finished
Basic Rendering - skin

**Lab:** Line to flat color techniques
Week #6 – 10/3

Lecture: Critique of Assignment 2: Character
- Gray scale work, optimizing layers and working flat
- Using Composition to develop a piece
- Perspective

Lab: Working with and without line art

Assignment 3 (200 pts): Create a greyscale painting of some kind. This should be a small scene with a character and simple background. Due 10/17.

Week #7 – Milestone#1 - 10/10

Lecture: Lighting and mood
- Painting techniques – cell shading, soft-cell shading, soft shading

Lab: Gray scale to Color, using different Photoshop options

Milestone #1: Reflect on the progress you have made thus far in the semester. Where are you now vs where you were at the beginning? What do you need to do next to grow?

Week #8 – 10/17

Lecture: Critique of Assignment 3: Greyscale painting
- Color theory, color relativity, Direct and Indirect Coloring
- Blending Revisited, Applying value and lighting to color

Lab: Basic Shape lighting practice w/color

Assignment 4 (250 pts.): Using the greyscale painting you made last class, use Photoshop to add color to it in different ways. Make 3 different distinct color moods for one painting. Due 10/31.

Week #9 - 10/24

Lecture: Character development – unique designs and showing expressions
Human and non-human anatomy
Painting Directly with Color

Lab: Showing how to make both a realistic or cartoony character

Week #10 – 10/31

Lecture: Critique of Assignment 4: Color Painting
Scientific Concept Paintings – Alien Worlds
Environments – Color Compositing and Photobashing

Lab: Laying ideas down quickly – Layering photos with paint overs, how to
concept a theoretical world

Assignment 5 (250 pts): Create an alien planet based off a prompt I give you, then
create a painting roughs exploring the unique landscape and environmental effects
encountered on the world. Due 11/14.

Week #11 – 11/7

Lecture: Concept art for characters and creatures
More environment development
Examples of concept art in film and games

Lab: Coming up with a variety of character heads and outfit designs

Assignment 6: Final (400pts.) - Begin Mockups for Final – Proposals due 11/14, to be
checked by Instructor and TA individually. Final files are due 12/11 at noon (take note
this is a Wednesday. I do this to compile the files into a slideshow) Class critique will
be held at its normal time.

Week #12 –Milestone #2 - 11/14

Lecture: Critique of Assignment 5: Alien Environment
Switching Gears, Final Announcement and Requirements
Conceptual Art – Processes and design practices
Creating believable worlds and consistency

Lab: Designing with a theme
Milestone #2: Check Proposals for finals. Have your sketches ready to show and your proposal written out. Keep these as “elevator pitches”: 1 min to 30 seconds. Concisely express your idea. We will either approve your idea for production or offer alternative ideas. It’s important that whatever idea you present to us at this time is the same one you turn in at the end.

Week #13 - Production WEEK – 11/21
Lecture: I’ll show you some examples of finals from the previous semester to give you ideas and inspire you.
Lab: Work on Final/ In class Assistance

Assignment: Work on Final

Week #14 – 11/28 – NO CLASS - THANKSGIVING BREAK

Week #15 - Production WEEK – 12/5
Lab: Final Lab Time

Assignment: Finish final for presentations next week

Week #16 – Milestone #3 - 12/12
Lecture: Final Presentations

**Grading Scale:**

A+  100% +  Professional level work, showing highest level of achievement
A  93–99.99% Extraordinarily high achievement, quality of work; shows command of the subject matter
A−  90–92.99% Excellent and thorough knowledge of the subject matter
B+  87–89.99% Above average understanding of material and quality of work
B  83–86.99% Mastery and fulfillment of all course requirements; good, acceptable work
B−  80–82.99% Satisfactory quality of work
C+  77–79.99% Modestly acceptable performance and quality of work
C  73–76.99% Minimally acceptable performance and quality of work
C−  70–72.99% Unacceptable work (Core course must be repeated for credit)
D+  67–69.99% Unacceptable work (Course must be repeated for credit)
D  63–66.99% Unacceptable work
D−  60–62.99% Unacceptable work
F  Below 60  Unacceptable work

Please note that the minimum grade for credit towards a major (both core and electives), minor, or certificate is a grade of C.

**POLICIES CONCERNING ASSIGNMENT/PROJECT DEADLINES**

- Deliver your projects on time. Everyday an assignment is late it will be deducted a FULL LETTER GRADE
  - Example: 3 days late – original grade would have been a 90% A- = grade is dropped to a C-
Assignments will be closed 5 days after the original due date. If you have not submitted anything, you will get a 0.

If you are experiencing difficulties with Canvas, email me at the time of your upload (on or before the assignment is due); it’s important to timestamp the error and it is your responsibility to make sure your files upload correctly.

• Please check Canvas assignments to determine when your project is due. It is your responsibility to understand due dates.

• Please check Canvas assignments to determine the proper way to turn in the project due. All projects will be turned in through the assignment tab on Canvas.

• In the event that Canvas is not available, only IUBox may be used as a secondary upload site. Please refer to the PDF “Policy for Failed Canvas Submission” posted in the course syllabus section and follow stated procedures.

• If projects exceed 200 MB in size, then only IUBox may be used as a secondary upload site. Please refer to the PDF “Policies for Project Submission Through IUBox” posted in the course syllabus section and follow stated procedures.

• Please label all media appropriately. Points will be taken off for improperly labeled media and assignments
  o Example for file: First initial lastName_Assignment#_(#)
    ▪ RCrowmer_Assignment4_1.jpg

• Meeting project checkpoints will be required for full point credit on projects. Please reference the Canvas assignment for specifics on each project.

• Midterm and Final exams/presentations will only be administered during set class times. A score of 0 (zero) points will be assessed on any exams not taken during class.
  o Exams will only be scored if a signed exam sheet is turned in on the day of the test

• In class quizzes that are missed will be scored a zero and no make up quizzes will be administered.

• Project grades may be challenged for one week after being posted. Project grades not challenged within seven calendar days will be final.

OTHER CONSIDERATIONS

• Please come to class on time and be prepared to start on time.

• Participation in class discussions, including class critiques and any written papers or critiques are required and will be considered in final grading.

• Students will develop and present individual projects unless otherwise approved in writing from the instructor.

• All electronic devices should be turned off and not used during the entirety of class time.
Social sites such as Facebook, Twitter, or any others, may not be accessed during class time.

Work for other courses may not be done during this class time.

If you need to leave class early, please inform the instructor in advance.

**Food is strictly forbidden** in the computer labs.

The outcomes and artifacts developed for any one class in Media Arts and Sciences at IUPUI cannot be the same or overly similar between semesters or in the same semester for one student or group of students or one faculty or group of faculty. The project must be differentiated, the expectations for the project outlined, and the faculty involved, notified and in agreement prior to the semester beginning. **In other words, all projects must be unique and may not be used from one class to another without instructor permission.**

- If however you want to use the projects in this class to further an idea and develop concepts for something like your capstone or another personal project, that is ok. But do not turn in something that has already been turned in for another class.

**EXPECTATIONS, GUIDELINES, AND POLICIES**

**Attendance:**

A basic requirement of this course is that you will participate in all class meetings, whether online or face-to-face, and conscientiously complete all required course activities and assignments. Class attendance is required for classroom-based courses. It entails being present and attentive for the entire class period. Attendance shall be taken in every class. Attendance will be taken at the beginning of class by the instructor or teaching assistant. Students present at the beginning of class will receive full credit for attendance. Students arriving after attendance has been taken will receive 80% credit for that class period: it is the responsibility of the late arriving students to contact the instructor or TA at the end of class to make sure they are marked late and not absent. Students who do not attend will be marked absent and will receive 0% attendance for the class period.

Only the following are acceptable excuses for absences: death in the immediate family (e.g. mother, father, spouse, child, or sibling), hospitalization or serious illness; jury duty; court ordered summons; religious holiday; university/school coordinated athletic or scholastic activities; an unanticipated event that would cause attendance to result in substantial hardship to one’s self or immediate family. Absences must be explained with the submission of appropriate documentation to the satisfaction of the instructor, who will decide whether missed work may be made up. Absences that do not satisfy the above criteria are considered unexcused. To protect your privacy, doctor’s excuses should exclude the nature of the condition and focus instead on how the condition impacts your attendance and academic performance.

Missing class reduces your grade through the following grade reduction policy: Each class factors into a score of 100 points. Any missed or late classes will reduce this score. You are allowed two excused or unexcused absences. Each additional absence, unless excused, results in a 5% reduction in your final course grade. **More than six absences will result in**
an F in the course. Missing class may also reduce your grade by eliminating opportunities for class participation. For all absences, the student is responsible for all covered materials and assignments.

**Deliverables:**

You are responsible for completing each deliverable (e.g., assignment, quiz) by its deadline and submitting it by the specified method. Deadlines are outlined in the syllabus or in supplementary documents accessible through Canvas. Should you miss a class, you are still responsible for completing the deliverable and for finding out what was covered in class, including any new or modified deliverable. In fairness to the instructor and students who completed their work on time, projects will only be graded if submitted by the stated deadline.

**Incomplete:**

The instructor may assign an Incomplete (I) grade only if at least 75% of the required coursework has been completed at passing quality and holding you to previously established time limits would result in unjust hardship to you. All unfinished work must be completed by the date set by the instructor. Left unchanged, an Incomplete automatically becomes an F after one year. http://registrar.iupui.edu/incomp.html

**CODE OF CONDUCT**

All students should aspire to the highest standards of academic integrity. Using another student’s work on an assignment, cheating on a test, not quoting or citing references correctly, or any other form of dishonesty or plagiarism shall result in a grade of zero on the item and possibly an F in the course. Incidences of academic misconduct shall be referred to the Department Chair and repeated violations shall result in dismissal from the program.

All students are responsible for reading, understanding, and applying the *Code of Student Rights, Responsibilities and Conduct* and in particular the section on academic misconduct. Refer to *The Code > Responsibilities > Academic Misconduct* at http://www.indiana.edu/~code/. All students must also successfully complete the Indiana University Department of Education “How to Recognize Plagiarism” Tutorial and Test. https://www.indiana.edu/~istd You must document the difference between your writing and that of others. Use quotation marks in addition to a citation, page number, and reference whenever writing someone else’s words (e.g., following the *Publication Manual of the American Psychological Association*). To detect plagiarism instructors apply a range of methods, including Turnitin.com. http://www.ulib.iupui.edu/libinfo/turnitin

**Academic Misconduct:**

1. **Cheating:** Cheating is considered to be an attempt to use or provide unauthorized assistance, materials, information, or study aids in any form and in any academic exercise or environment.
   a. A student must not use external assistance on any “in-class” or “take-home” examination, unless the instructor specifically has authorized external assistance.
This prohibition includes, but is not limited to, the use of tutors, books, notes, calculators, computers, and wireless communication devices.

b. A student must not use another person as a substitute in the taking of an examination or quiz, nor allow other persons to conduct research or to prepare work, without advanced authorization from the instructor to whom the work is being submitted.

c. A student must not use materials from a commercial term paper company, files of papers prepared by other persons, or submit documents found on the Internet.

d. A student must not collaborate with other persons on a particular project and submit a copy of a written report that is represented explicitly or implicitly as the student’s individual work.

e. A student must not use any unauthorized assistance in a laboratory, at a computer terminal, or on fieldwork.

f. A student must not steal examinations or other course materials, including but not limited to, physical copies and photographic or electronic images.

g. A student must not submit substantial portions of the same academic work for credit or honors more than once without permission of the instructor or program to whom the work is being submitted.

h. A student must not, without authorization, alter a grade or score in any way, nor alter answers on a returned exam or assignment for credit.

2. **Fabrication:** A student must not falsify or invent any information or data in an academic exercise including, but not limited to, records or reports, laboratory results, and citation to the sources of information.

3. **Plagiarism:** Plagiarism is defined as presenting someone else’s work, including the work of other students, as one’s own. Any ideas or materials taken from another source for either written or oral use must be fully acknowledged, unless the information is common knowledge. What is considered “common knowledge” may differ from course to course.

   a. A student must not adopt or reproduce ideas, opinions, theories, formulas, graphics, or pictures of another person without acknowledgment.

   b. A student must give credit to the originality of others and acknowledge indebtedness whenever:

      1. directly quoting another person’s actual words, whether oral or written;
      2. using another person’s ideas, opinions, or theories;
      3. paraphrasing the words, ideas, opinions, or theories of others, whether oral or written;
      4. borrowing facts, statistics, or illustrative material; or
      5. offering materials assembled or collected by others in the form of projects or collections without acknowledgment.

4. **Interference:** A student must not steal, change, destroy, or impede another student’s work, nor should the student unjustly attempt, through a bribe, a promise of favors or threats, to affect any student’s grade or the evaluation of academic performance. Impeding another student’s work includes, but is not limited to, the theft, defacement, or
mutilation of resources so as to deprive others of the information they contain.

5. **Violation of Course Rules:** A student must not violate course rules established by a department, the course syllabus, verbal or written instructions, or the course materials that are rationally related to the content of the course or to the enhancement of the learning process in the course.

6. **Facilitating Academic Dishonesty:** A student must not intentionally or knowingly help or attempt to help another student to commit an act of academic misconduct, nor allow another student to use his or her work or resources to commit an act of misconduct.

**OTHER POLICIES**

1. **Administrative withdrawal:** A basic requirement of this course is that students participate in all class discussions and conscientiously complete all required course activities and/or assignments. If a student is unable to attend, participate in, or complete an assignment on time, it is the student’s responsibility to inform the instructor. If a student misses more than half of the required activities within the first 25% of the course without contacting the instructor, the student may be administratively withdrawn from this course. Administrative withdrawal may have academic, financial, and financial aid implications. Administrative withdrawal will take place after the full refund period, and a student who has been administratively withdrawn from a course is ineligible for a tuition refund. Contact the instructor with questions concerning administrative withdrawal.

2. **Civility:** To maintain an effective and inclusive learning environment, it is important to be an attentive and respectful participant in lectures, discussions, group work, and other classroom exercises. Thus, unnecessary disruptions should be avoided, such as ringing cell phones, engagement in private conversations, and other unrelated activities. Cell phones, media players, or any noisy devices should be turned off during a class. Texting, surfing the Internet, and posting to Facebook or Twitter during class are generally not permitted. Laptop use may be permitted if it is used for taking notes or conducting class activities. Students should check with the instructor about permissible devices in class. IUPUI nurtures and promotes “a campus climate that seeks, values, and cultivates diversity in all of its forms and that provides conditions necessary for all campus community members to feel welcomed, supported, included, and valued” (IUPUI Strategic Initiative 9). IUPUI prohibits “discrimination against anyone for reasons of race, color, religion, national origin, sex, sexual orientation, marital status, age, disability, or veteran status” (Office of Equal Opportunity). Profanity or derogatory comments about the instructor, fellow students, invited speakers or other classroom visitors, or any members of the campus community shall not be tolerated. A violation of this rule shall result in a warning and, if the offense continues, possible disciplinary action.

3. **Communication:** For classroom-based courses, the instructor or teaching assistant should respond to emails by the end of the next class or, for online courses, within two Indiana University working days, which excludes weekends and holidays. The instructor should provide weekly office hours or accept appointments for face-to-face, telephone, or teleconferenced meetings, and announce periods of extended absence in advance.

4. **Counseling and Psychological Services (CAPS):** Students seeking counseling or other
psychological services should contact the CAPS office by phone at 274-2548 or email at capsindy@iupui.edu. For more information visit http://life.iupui.edu/caps/.

5. **Course evaluations:** Course evaluations provide vital information for improving the quality of courses and programs. Students are urged to complete one course and instructor evaluation for each section in which they are enrolled at the School of Informatics and Computing with the following three exceptions: (a) The student has withdrawn from the course; (b) fewer than five students are enrolled in the section (in which case maintaining anonymity is difficult); and (c) the section is a laboratory that must be taken with a course having a different section number. Course evaluations are completed at https://soic.iupui.edu/app/course-eval/. Course evaluations are typically open from the eleventh week. Course evaluations are anonymous, which means that no one can view the name of the student completing the evaluation. In addition, no one can view the evaluation itself until after the instructor has submitted the final grades for the course. In small sections, demographic information should be left blank, if it could be used to identify the student.

6. **Disabilities policy:** In compliance with the Americans with Disabilities Act (ADA), all qualified students enrolled in this course are entitled to reasonable accommodations. Please notify the instructor during the first week of class of accommodations needed for the course. Students requiring accommodations because of a disability must register with Adaptive Educational Services (AES) and complete the appropriate AES-issued before receiving accommodations. The AES office is located at UC 100, Taylor Hall (Email: aes@iupui.edu, Tel. 317 274-3241). Visit http://aes.iupui.edu for more information.

7. **Email:** Indiana University uses your IU email account as an official means of communication, and students should check it daily for pertinent information. Although you may have your IU email forwarded to an outside email account, please email faculty and staff from your IU email account.

8. **Emergency preparedness:** Safety on campus is everyone’s responsibility. Know what to do in an emergency so that you can protect yourself and others. For specific information, visit the emergency management website. http://protect.iu.edu/emergency

9. **IUPUI course policies:** A number of campus policies governing IUPUI courses may be found at the following link: http://registrar.iupui.edu/course_policies.html

10. **No class attendance without official enrollment.** Only those who are officially enrolled in this course may attend class unless they are enrolled as an auditor or making up an Incomplete by prior arrangement with the instructor. This policy does not apply to those assisting a student with a documented disability, serving in an instructional role, or administrative personnel. http://registrar.iupui.edu/official-enrollment-class-attendance.html Children may not attend class with their parents, guardians, or childcare providers.

11. **Religious holidays:** Students seeking accommodation for religious observances must submit a request form to the course instructor by the end of the second week of the semester. For information visit http://registrar.iupui.edu/religious.html.

12. **Right to revise:** The instructor reserves the right to make changes to this syllabus as necessary and, in such an event, will notify students of the changes immediately.
13. **Sexual misconduct:** IU does not tolerate sexual harassment or violence. For more information and resources, visit http://stopsexualviolence.iu.edu/.

14. **Student advocate:** The Student Advocate provides assistance to students with personal, financial, and academic issues. The Student Advocate Office is located in the Campus Center, Suite 350. The Student Advocate may also be contacted by phone at 317 274-4431 or by email at studvoc@iupui.edu. For more information visit http://studentaffairs.iupui.edu/advocate.

**MISSION STATEMENT**

The Mission of IUPUI is to provide for its constituents excellence in

- Teaching and Learning;
- Research, Scholarship, and Creative Activity; and
- Civic Engagement.

With each of these core activities characterized by

- Collaboration within and across disciplines and with the community;
- A commitment to ensuring diversity; and
- Pursuit of best practices.

IUPUI's mission is derived from and aligned with the principal components—Communities of Learning, Responsibilities of Excellence, Accountability and Best Practices—of Indiana University’s Strategic Directions Charter.

**STATEMENT OF VALUES**

IUPUI values the commitment of students to learning; of faculty to the highest standards of teaching, scholarship, and service; and of staff to the highest standards of service. IUPUI recognizes students as partners in learning. IUPUI values the opportunities afforded by its location in Indiana’s capital city and is committed to serving the needs of its community. Thus, IUPUI students, faculty, and staff are involved in the community, both to provide educational programs and patient care and to apply learning to community needs through service. As a leader in fostering collaborative relationships, IUPUI values collegiality, cooperation, creativity, innovation, and entrepreneurship as well as honesty, integrity, and support for open inquiry and dissemination of findings. IUPUI is committed to the personal and professional development of its students, faculty, and staff and to continuous improvement of its programs and services.
